

Topics to Review:

Solve a system of Linear Equations by Graphing (p.153-158)

Graph the solution region for a system of Linear Inequalities (p.168-173)

Graph the solution region for a system involving Absolute Value Equations and Inequalities (p.132-138)

Solve a system of Linear Equations using Substitution (p.160-167)

Solve a system of Linear Equations using Elimination (p.160-167)

Perform Matrix addition, scalar multiplication, Matrix multiplication (p.187-202)

Find determinants of 2×2 and 3×3 matrices (p. 203-209)

Solve a system of 2 equations using Cramer's Rule (p.203-209)

Solve a system of 2 equations using inverse matrices (with calculator) (p. 210-217)
